Building digital competence

Come In
WE'RE
OPEN

OPEN FOR YOU

Your bathroom planning data
will find open doors with us.

We

- verify your data and deliver them automatically to about 20,000 craftsmen, wholesalers, planners and architects.
- promote the consistent development according to the users' wishes.
- push modern data models for secure data creation.
- help you choose data service providers.
- offer more than 30 years of experience.

Our eight partners

- offer powerful software for state-of-the-art planning.
- precisely implement the advanced ARGE data model in practice.
- provide regular updates.
- are well-versed in the field of computer-aided 3D visualization.

Your benefits

- reliable data verification by ARGE.
- more efficiency through automatic data distribution.
- higher market penetration and awareness.
- active involvement and participation in committees (optional).
- qualified ARGE support – both for you and the users of your data (optional).
